

ABOUT US

- KJ Elevator is a well-established company offering quality products and services across varied business verticals. Being a unit of a reputed and trustworthy organization, Bharti Industry, KJ Elevator manufactures all types of Elevator suitable for residential, commercial, industrial, hospitality, and the medical industry.
- KJ Elevators is a ISO 9001:2015 certified, authentic organisation in the field of supply, installation, maintenance and modernisation of elevator & escalator.
- We take pride in calling ourselves a leading manufacturer & suppliers in the field. Our superior range of products and our endeavour to live up to our client's expectations, have helped us to develop specific and customized solutions.
- Providing quality products that ensure the comfort, and safety of the people and meet our client's demands are our sole purposes. We provide all kinds of support and services to our clients, starting from designing the elevator, according to their requirements to installing it, through a systematic approach.

GREEN TECHNOLOGY

Millions of people are using the elevators every day, across the globe. Elevators are serving as a boon for vertical transportation and hence are installed at every other building, residential or commercial. To make it sustainable and eco-friendly, elevator manufacturers are using green technologies.

KJ Elevators lags no behind in this regard. We incorporate green features in the elevators such as LED lights, Power saver technology & Gearless Machine & VVVF Drives. Our regenerative drive system is also highly preferred in the market for its energy-saving solutions.

ENVIRONMENT FRIENDLY & ENERGY EFFICIENT

Most efficient and power - saving gearless machine, No oil, very efficient motors with LED lighting. Programable sleep mode closed loop operations which enhance efficiency & reliability with highend energy efficient.

PASSENGER ELEVATOR

KJ Elevator provides you with the best-of-its-kind passenger elevators. Manufacturing the elevators with high-quality materials and ensuring comprehensive testing methods before delivery, our passenger elevators are known for their performance and right quality.

Our team of designers help our clients to make the best use of their space and have the elevator places in a position that adores and enhances the over all look of the building. These elevators are ideally suited for dwelling houses, administrative building, residential building shopping malls, commercial complexes, hotels, banks and offices.

Our passenger elevators are equipped with LED lighting, the accuracy of start & stop, comfortable cabin and reduced level of noise, indicators to point out the movement of the elevator, laser curtain and many other features, which make it different from others.
